

Om Metal Letters

<https://www.ommetalletters.com/>

We are reckoned amongst the pioneering manufacturer and supplier firms developing the finest range of Labels and Stickers. Our offered pouches are extremely demanded for its high durability, resistance to moisture and uniform dimensions.

About Us

Om Metal Letters is at the forefront of manufacturing and supplying excellent grade Labels and Stickers since its commencement in the year **1998**. The groundbreaking technical leadership implements us to accomplish a broadened product portfolio of much-anticipated products, which involves the qualitative array of Metal Labels, Dome Labels and Brass Labels. The quality of our offered products has proved to be a breakthrough in our success, as our manufactured products feature beneficial properties of sturdiness, uniform dimensions, corrosion resistant, moisture resistance and cost efficiency.

Our organization is meant on the pivot of honesty and perseverance of our team members, which gained us sustainable and thriving business. Our team of experts strives hard to bring forward innovative ideas and due to their diligent thought process we have become able to produce a firm customer base. Further, our manufacturing function is supported with most advanced technology that unites our production performance with commitment of leadership. Furthermore, with the aid of advanced infrastructural set up and allied support of industry leading vendors, we are feeding to the business needs of a huge customer base.

Our leader and mentor **Mr. Parth Panchal** is strengthened with unique management skills and well aware of the technical complexities and drives us to produce best in industry products at a competing price.
